Discussion was made between Council Members concerning the proposed mosquito spraying to the Mini Park by Superior Mosquito Defense; during the discussion Cassandra Lee wanted to make it clear that since KC McKelvey wasn't included in this test season spraying that if it proved to be effective that KC McKelvey would be included next season should any be done then.

Jackie Burch talked to Council about the progress on the ballfields and future plans for the park including getting fencing done and dugouts. He also ask that the Council consider allowing him to move the park that is at the entrance to the current ballfields up past the Concession Stand due to the location but more so because of drainage problems. The Council posed questions back and forth to Jackie Burch about the new areas and all agreed that they wanted to proceed to finish the fencing and proceed on to next stage as soon as those were finished.

Jackie Burch also had a Job Description that needs to be approved due to the work load on an employee that has been part-time for approximately 15 years that was discussed. This position actually needs to be full-time. Cassandra Lee objected to the proposed position being created as a full-time position needing a Job Description stating that it seemed as though it was being created for a specific person. Jackie Burch, the Mayor and City Clerk stated that the description was needed in order to pay this employee fairly due to work being done and that it was not being created "For a particular employee" but yes this employee had been doing all of the work described in the job description but only on a part-time basis and now there had come time for the position to be full-time. Back and forth discussion continued with no agreement on this matter.

The meeting concluded with the next scheduled meeting being June 18, 2018.
