The 2018-2019 Budget was the topic of discussion of this meeting. Ms. Farris had present the Council with the purposed Budget and ask that they look over it and any questions to call or come by her office. As always the concern of the Council is the City finances and making sure that we stay in budget so all agreed that they would look over and study the information and would vote at a later date when satisfied with the structure for the next year.

Mayor Weatherwax spoke to the Council about sprucing up at the Alexander Park, McKelvey Park and other areas that belong to the City that have need of some attention. He will continue to look into the things needed in all areas of the City and arrange for the necessary improvements and maintenance to be done.
