Ms. Lee ask if there was a listing of the Streets this is to be done on and Mayor Weatherwax pointed out that the invoice had that information on it. Also, during the discussion about the areas needing patchwork Alicia Roper who was in the room ask about at her residence in Evergreen being added to the list because she had called more than once about the deterioration of the asphalt where the grappling truck had picked up items. Ms. Jeffreys mentioned a place on Cedar LN where a water repair was made – to add it also. Mr. Woodard said that those other areas could be added if he was notified as soon as possible because the crew comes when they have several things to do and then it is awhile before he comes back and sometimes things pop up overnight that while in the area he can fix.
