

Work Session Minutes

05/12/2025

@ 5:00 PM

Present: Mayor Roger Weatherwax

Brent White

Jason White

Cassandra Lee

Denise Lovett

Absent: Joyce Jeffreys

Mayor Weatherwax addressed those present speaking on matters for the Council to consider. The first item was the New T-arm made of stainless steel that is needed for the sewer treatment plant clarifier in the cost of \$42,488.00. The current one has broken and needs replaced ASAP. Second on his list was the request from the Street Department for the purchase of a 2025 Ford Super Duty F-250 to use as a pulling truck for the mini-ex to be able to use to clean ditches etc. Council Members ask if the money was available or in budget to make this purchase and Mayor Weatherwax stated that the Gas and Street Department have spoken to Emily Edwards – Accountant and they have managed a way to benefit both departments by the Gas Department taking a truck that the Street Department has and paying them for it and then the Street Department can use that money along with other monies they have to make the purchase. The third item mentioned was electrical problems at the H. A. Alexander Park are being checked by Shoals Electric and repairs will need to be made.

Council woman Cassandra Lee stated that she had ask to be on agenda for work session but wasn't listed but her concern was the Building Inspector position. She stated that she still believed it would require 2 people, and she questioned how the interviews were done and if those in the past met all the check boxes for the position or if they were hired due to who they knew. She followed up with she would wait until the position was filled to address further concerns, she has.

Roger Weatherwax, Mayor

Deroma Pepper, City Clerk

Brent White, Council Member

Cassandra Lee, Council Member

Denise Lovett, Council Member

Jason White, Council Member
